The thread colors included above are in the correct stitching order. Please follow that order.

We want to be sure that you can match your threads to our DMC choices. If you can't find a match on the thread comparison on my site [www.sherio.com](http://www.sherio.com) , write to me at [threads@sherio.com](mailto:threads@sherio.com) and I will try to help match them to the thread brand YOU own.

Please be aware that most thread companies (Sulky for one) have less than 5 shades of any given color in their palette. You will then need to find as many shades of the color given as possible in your threads and if you have to, use one or two of them more than once. That way, you only need 3 or 4 shades of the color. Sometimes, there are only a few stitches of a color and it won't alter the design greatly to do this. Check the design first before making your choices.

If you still find you are stumped on what to do, email the color numbers and brand to me and I will match them for you.
